The objectives of the Programme :

1. It has become common practice that the Editorial Board and publishers of journals of even moderate impact are accepting the manuscripts in LaTeX format to avoid delay in the review process and production.
2. LaTeX is a text format which is globally recognized. Because of the lack of expertise in LaTeX, even good research results are not able to find a room in reputed journals.
3. LaTeX is a high-quality typesetting system; it includes features designed for the production of technical and scientific documentation.
4. LaTeX is widely used in academics, for the communication and publication of scientific documents in many fields, including Mathematics, Engineering, Sciences, economics, linguistics, philosophy, and political science.
5. Persons with this expertise are rarely available outside academia, So that our Department has proposed to organize training programme on LaTeX **under UGC Scheme for Trans-disciplinary Research for India's Developing Economy (STRIDE) component -I.**

Important instructions to participants:

1. Every day at 9:30 am URL's of video lectures and YouTube link for live streaming will be posted in the Telegram Group & Google Classroom.
2. You can also watch the videos at your convenient time.
3. Every day at 7 pm an assignment is posted which is mandatory for all the participants.
4. The assignment is open until 11 am on next day(There will be no exclusions for the time which is managed by Google Classroom).
5. At the end of the course the project will be given to form document which includes all topics covered in programm.
6. Attendance and Assignment submission will be strictly monitored by the organizing team. E-certificates will be awarded on the basis of submitted assignments and project.

ARPIT 2019 EXAMINATION

Exam Date: 16th February, 2020

**Government of India
Ministry of Human Resource
Development**

Information Bulletin

1. About ARPIT

The Ministry of Human Resource Development has officially launched online Annual Refresher Programme in Teaching (ARPIT) on 13th November, 2018, a major and unique initiative of online professional development of 15 lakhs higher education faculty using the MOOCs platform SWAYAM. For implementing ARPIT, 75 discipline-specific National Resource Centres (NRCs) have been identified in the first phase and 48 discipline-specific National Resource Centres (NRCs) in the second phase, which are tasked to prepare online training material with focus on latest developments in the discipline, new & emerging trends, pedagogical improvements and methodologies for transacting revised curriculum. ARPIT is an ongoing exercise so that every year NRCs will continuously develop new refresher module in their earmarked discipline each year. The training materials will be uploaded and made available through SWAYAM. NRC will publish the list of the faculty who have been certified. The NRCs will revolutionize professional development of faculty by catering to massive numbers by leveraging ICT and online technology platform of SWAYAM.

UGC has notified equivalence of ARPIT as a refresher course for career advancement of faculty (DO Letter No. F.2-16/2002(PS)Pt.fl.II dated 3rd December, 2018)

2. ARPIT Examination

Please read this brochure carefully before registering for ARPIT Examination. The last date for registration is 17th January 2020.

National Testing Agency (NTA) would be conducting the examination and certification would be done through SWAYAM. Faculty with such certificates can use them for availing the equivalence recognized by UGC, as a refresher course for their Career Advancement Scheme. Non-Faculty Learners also would be given certificates from SWAYAM.

- a) The examination for the ARPIT courses is scheduled to be held on 16.02.2020 (Sunday). It would be a Computer Based Test (objective multiple-choice test) of 3 hrs duration of 100 questions of maximum 100 marks.
- b) The examination of 48 ARPIT courses will be held on 16th February, 2020 in two slots/shifts as:

Date	Exam Timing
16.02.2020	9:30 AM to 12:30 PM
	2:30 PM to 05:30 PM

- c) The list of 48 ARPIT courses for which exam is going to be held have been divided among two slots/shifts.
- d) The slot wise examination schedule (list of courses) is available in **Annexure 1**.
Please note that the candidate will be able to appear in examination for only one course in one slot. Once you select the course for exam and pay the fees (in case of non-faculty learner) it cannot be changed.
- In case candidate has enrolled for more than one ARPIT course and examinations of the corresponding courses are falling in the same time slot, the candidate has to make a choice carefully as to which course he/she would like to appear for examination in that slot.
- e) The learner who has enrolled in any of the 48 courses is eligible for appearing for the examination of that course only.
- f) The learner who successfully clear the examinations i.e. score 50% or more only will be issued a certificate by SWAYAM which will be equivalent to UGC one refresher course for career advancement scheme of faculty.
- g) The examination will be held in **139** cities across the country. The state wise list of centres (cities) is available at **Annexure 2**.

3. Fee Details

Faculty Learner: In case of faculty who are working in any of the Indian higher educational institutions, there won't be any examination fee. For this purpose, the faculty has to produce relevant proof of being a faculty in form of Faculty ID Proof/ Appointment Letter/Latest Pay slip/Promotion Order.

Non-Faculty Learner: The examination fee for non-faculty is Rs. 1000/- for general candidates and Rs. 500/-for SC/ST/OBC/PWD/Women/EWS with disability $\geq 40\%$. The proof / certificate of learner belonging to SC/ST/OBC/PWD/ EWS candidates with disability $\geq 40\%$ would require to be uploaded at the time of registration and original needs to be produced at the exam centre for verification.

Note: Due care should be taken in choosing the option of Faculty and Non-Faculty learner while filling registration form otherwise certificate will not be issued.

Method of Deposit of Fee by Non-Faculty Learners

The Fee can be deposited in following mode:

- (i) Debit Card/Credit Card

CONCEPT NOTE

The COVID-19 pandemic has dramatically changed education, with the distinctive need for learning and continuance of teaching-learning over remote and digital platforms. The incorporation of information communication technology in education has already been on a high growth even before the pandemic. However, the sudden closure of educational institutions in many parts of the world has brought a certain urgency to adopt online teaching-learning strategies, which are likely to continue even post- COVID-19. Hence, the teaching community needs to evolve, more than ever, an innovative approach to equip themselves with the skills necessary for creating a holistic learning environment in this unprecedented context.

In the contemporary world of modern education and knowledge, a teacher is not only a source of knowledge-creation but also the instrument required to sharpen the intellect of students. Education has changed over time to meet the progressive world. The education system has been reconstructing its focal variables, namely teaching, learning, institution, and knowledge. Teaching and learning have shifted to create a phenomenological space, where the symbiotic relationship between the teacher and the student blossoms at a level that goes beyond mere cognition and thought. It transcends to explore the meaning of life, invoking the true inner calling and creating an environment for creative expression and experimentation. Likewise, terms like institution and knowledge now seek to establish systems of learning beyond the four walls of buildings, encompassing more than physical infrastructure, and information gathering and processing. Systems that ignite the drive to address the problems of the society create collaborative learning, attitude to acquire futuristic skills and an orientation to become self-reliant. Essentially, this amounts to redefine the time and space of education, respectively, from time spent in covering the syllabus and physical infrastructure to create an environment. This means expanding and broadening the cognitive faculty of students and empowering them to conceptualise phenomena for applications for the greater good of society. In this context, space means the combined mental landscape of the teacher and the taught, which is governed by the canons of inquisitiveness, enquiry, critical thinking, and non-conventional problem-solving.

The traditional set-up of a classroom needs to be deconstructed and redesigned to help students adjust to the present-day requirements of multi-dimensionality, that is, not only being prompt to the socio-political and economic shifts but to pursue ones' inner calling. The exchange and interaction of ideas, thoughts, and concepts

should stem from critical thinking. Innovative approaches, both for teaching and evaluation, should be adopted in addition to imparting immense value to the skill development and understanding of the ever-changing dynamics between the local and the global. However, this need of the hour to create skilled and professionally competent human resources can only be accomplished through equipping a teacher with the role that will enable students to develop their critical and analytical skills. These skills will further empower them to question and know.

The teachers in Higher Education have increasingly felt the need for a formal training course at the beginning of their careers to prepare themselves for their professional journey. Looking beyond basic orientation, the need is of a broad-based but focused programme that would prepare the teachers with pedagogical skills and techniques, research methodologies, methods of curriculum development, with the latest in information technology both for the gathering of knowledge as well as its dispensation and acquaint them with the processes of institutional administration and self- development. On the behavioural plane, it is also imperative to prepare young teachers for an attitudinal orientation that will help them grow into an innovative academic, a scholar in their own right, and a socially committed mentor.

It is with all these factors in mind that the Ministry of Human Resource Development (MHRD), Government of India, launched the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT) programme through its Teaching Learning Centres, with a particular emphasis on Education 4.0. It emphasizes the need to prepare students to face challenges fearlessly. It has been designed to change the role of a teacher from mere imparter to the one who has developed critical and analytical skills, information generation capabilities, ability to know and reason, empowering through open sources, global oriented digitalization, and self-learning in students. New dawn, Education 4.0 not only focuses on 'what is taught' but also gives equal importance to 'the way it is taught' — it is an education model which is aligned with future trends, in the effort to develop and enhance individual education that will eventually define how the future generations will work and live.

In the present circumstances, the teaching fraternity is missing out on the lively and interactive programmes. Hence, the MHRD and the University Grants Commission (UGC) have intensified efforts towards a strong virtual engagement to facilitate dissemination of knowledge and adopt technology-enabled teaching practices. To contribute in this endeavour, the Eighth Induction Training Programme, 2020, is yet another step by the TLC, Ramanujan College, to prepare and enable teachers to

deliver excellent teaching practices, even in an online environment. The current Induction Programme is being organised in collaboration with Mahatma Gandhi Central University Motihari (Bhiar) and Smt. Chadibai Himaatmal Malshukhani College, Ulhasnagar, Maharashtra. The previous seven Induction Training Programmes (May2018; December 2018; May 2019; June4–July1,2020; and June 26– July 24, 2020; September 1 - 30, 2020, 10 November- 09 December 2020) were highly successful, with the participation of thousands of teachers from various disciplines and different parts of the country. The feedback from the participants has confirmed that the programmes were instrumental in enhancing their knowledge and skills on a wide variety of themes, which they were able to implement in their teaching. The present Induction Programme, like the previous three versions, will be carried out through an online platform, keeping in view the physical constraints.

The primary objective of the present Induction Programme is to empower and motivate the teachers for enlivening the learning process by adopting novel pedagogic approaches to teaching-learning which are collaborative and participant-centered, to integrate learning and teaching with Information Communication Technology (ICT), and to equip the teachers with the latest assessment tools in higher education. It further focuses on teaching and research methodologies, curriculum structure, and design, gender and social diversity, professional ethics, sharing of best practices, and also the updating of developments in specific disciplines in which the teachers are engaged. The training module for this Induction Programme also emphasizes the personal development of the teachers in terms of interpersonal skills, career development, and life planning issues. It will provide the teachers with the instructional tools for curriculum design and assessment, accessing technology. There is a detailed discussion on the organizational skills required for the teachers to initiate and improve the institutional environment. The large part of the programme is centred on empowering the teachers to perform multiple roles of teaching, research, and service in a more effective and meaningful manner.

The Induction Programme involves expert guidance of eminent academics and specialists, hands-on training modules, exercises in direct classroom teaching, questionnaire-based responses, interactive sessions, collaborative learning, and assessment of learning outcomes, project work, and field visit.

Note: As per the latest UGC regulation, ([UGC Regulation Page 99](#)) training programmes conducted in PMMMNMTT Centres have been recognised. Induction Training Programme is now a mandatory training programme for newly inducted college/university teachers. *This programme is equivalent to one-month orientation programme. It fulfils requirement as per CAS of UGC and AICTE for promotional purposes. Upon successful completion, participants will be provided graded certificates.*

- ***This Online Faculty Induction Programme will strictly follow the MHRD's Four Quadrant Approach.***

MAHATMA GANDHI CENTRAL UNIVERSITY, MOTIHARI (BIHAR)

MAHATMA GANDHI CENTRAL UNIVERSITY (MGCU) came into existence by an

Act of Parliament, Central Universities (Amendment) Act 2014 (No. 35 of 2014). The University became functional on 3rd February 2016. MGCU is situated in Motihari (Bihar), on National Highway 28. MGCU is proving to be an excellent centre of

Higher Studies in both Basic, Applied and Technical educational fields. There are as many as total 04 Undergraduate; 22 Postgraduate; 19 M.Phil. and 20 Ph.D. Programmes of Study running under total 07 Schools and 20 teaching Department under them. This is one of the salient characteristics of the University which has attracted the enthusiastic learners from different parts of the country to seek admission here. Needless to reiterate, the well-experienced and competent Faculty of the University is the central basis for the academic excellence being sustained herein. The location of the University in Motihari, Bihar does take us to the glorious historic year of 1917 when Mahatma Gandhi started his well-known SATYAGRAHA, the first ever anti-colonial struggle against the British. It is rightly said that Motihari made Mahatma Gandhi the BAPU, the premier MASS LEADER who henceforward revolutionized the whole India through miraculous mantras of Truth and Non-Violence. No wonder, MGCU is committed towards inculcating the spirit of SATYAGRAHA, TRUTH and NON-VIOLENCE among our learners towards rendering their invaluable services to the humanity.

Christened after Mahatma Gandhi, FATHER OF NATION, MGCU is one of the emerging public Central Universities of India. The Motto of the University is enshrined in the LOGO: **“मयि श्रीः श्रयतां यशः”**. The very logo is an invocation of Vedic Chant meant for showering the prosperity of name, fame and riches upon all. This is the guiding principle behind the educational spirit of this University. All the Members of the University (both Teaching & Non- Teaching) work heart and soul towards enabling our students/ learners to achieve the all- round success and prosperity.

SMT. CHANDIBAI HIMATHMAL MANSUKHANI COLLEGE

Smt. Chandibai Himathmal Mansukhani College, Ulhasnagar, Dist-Thane, Maharashtra State was established in the year 1965 and managed by the Hyderabad

(Sind) National Collegiate Board, Mumbai. The H(S)NC Board is an Indian Non-Profit Organization found in 1922 in the British India Province of Sind

and moved to the City of Bombay in an Independent India post-1947 Partition. It is one of the oldest Educational Trust of India envisioned by Founding Father of the H(S)NC Board, Vidyasagar Principal K.M. Kundnani and Barrister H.G. Advani. In the succeeding 70 years, the Board established a chain of more than 25 educational institutions.

Smt. CHM College with its forward-looking approach, committed faculty and enthusiastic student community belonging to every class of society, stands as a centre of diverse learning. The College is proud of its glorious history which defines its tradition of high value. It was established in 1965 with about 250 students and four departments has transformed into one of the largest Colleges of the University of Mumbai with an enrolment of more than 11000 students, 27 Undergraduate Departments, 7 Postgraduate Departments, 6 Research Centres, 7 Certificate Courses and 2 Prestigious UGC sponsored study centres. The College has been awarded second position for 'Jagar Janivancha Abhiyan' by Government of Maharashtra for Gender Sensitisation in 2012-13 and it is the recipient of Best College Award in 2012-13 conferred by University of Mumbai.

GANGADHAR MEHER UNIVERSITY (GMU), SAMBALPUR (ODISHA)

Gangadhar Meher University (GMU), Sambalpur came into existence on the 30th

May 2015 as a unitary institution of higher learning [The Government of Odisha Order No.11598/HE Dated 30.05.2015]. That was a momentous event for the people and student community of the Western

Odisha for the fulfillment of their long cherished dream and aspirations. The newly formed University replaced the erstwhile Gangadhar Meher College (Autonomous). Consequently, the entire teaching and nonteaching staff of the G.M. College were deployed to G.M. University and became the stakeholders of the newly formed GMU. This transition was indeed the crowning glory for an institution that had a humble beginning at its inception way back in the pre-independence era. Gangadhar Meher College, one of the oldest and the largest in Odisha, owes its origin in 1944 to the strong initiative, determination and tireless efforts of the people, including intellectuals and academicians, of Sambalpur and their intense yearning for quality education. Initially known as Sambalpur College, it was later renamed in 1949 as Gangadhar Meher College after Gangadhar Meher, a renowned Odia poet and a worthy son of the soil. The College started on a modest scale with the student strength of only 192. It went on expanding and growing in stature with the passage of time. In 1944, degree programs in Arts and Commerce were introduced, while B.Sc. programs were added in the year 1957. The College reached a milestone in 1964 when Post-graduate departments were opened. Another landmark was achieved when M.Phil. programs in various disciplines were offered by the institution from 1983 onwards. Pre-Doctoral coursework was also introduced in 2012 in four subjects to meet the demand for higher education and research. From this year (2018) the GMU started offering Ph.D. programs in many subjects. The primary mission of the institution was to cater to the needs of the poor and underprivileged students of this tribal-dominated region of the State. The institution performed the role with great distinction in the subsequent years. It made rapid strides to emerge as a premier institution of the State in the domain of higher education culminating in its

elevation to the status of a Unitary University. It started functioning as an autonomous college in 1991 and was controlled and managed by the statutory and the non-statutory bodies as prescribed by the UGC. On the basis of its academic reputation and its quality of institutional management and responsive administrative structure, the autonomy of this institution was extended by the UGC. Further, the institution was identified as the “College with potential for excellence (CPE)” by the UGC in the session 2004-05. The institution added another feather in its cap when it was accredited by the NAAC with an “A” grade in the session 2015-16 in recognition of its excellent performance.

The newly instituted G.M. University has taken on the mantle from G.M. College (Autonomous) and is poised to take off to new heights of excellence in the academic firmament in the years ahead. The new entity started functioning from 30.05.2015 after its new incarnation. Prof. Sudhansu Sekhar Ratha, an eminent professor of Economics and a noted economist from Sambalpur University was appointed as the OSD, while Dr. Smita Devi, Reader in English and Principal of the erstwhile (Autonomous) College was deputed as the acting Registrar to oversee the administration of the University. On 27th April 2015, Prof. Ratha was officially designated as the first Vice-Chancellor of the G.M. University.

The University provides teaching and research facilities for running Undergraduate, Post Graduate and Research programs smoothly on various subjects. This University is serving to the needs of around 5500 students at present and rendering services to the society at large. Within a short span of three years, it has already made a mark in the academic arena by providing good quality education, conducting national and international level seminars and workshops on a regular basis.

Leadership and Excellence in Workplace

October 25-29, 2021

Organised By

Girijananda Chowdhury Institute of Pharmaceutical Science

Hathkhowapara, Azara, Guwahati-17, Assam

About the Institute

Girijananda Chowdhury Institute of Pharmaceutical Science (GIPS) was established by Shrimanta Shankar Academy (SSA) in 2007, with the prime objective to provide best pharmaceutical education and to promote research and development activities in North Eastern region of India. The institute has the vision to produce world-class, competent pharmacists who will make a long-lasting impact in the field of pharmaceutical and health sciences. The Institute has been ranked in the rank band 76-100 for the year 2021 by NIRF, MHRD, Govt. of India and its B.Pharm Programme is accredited by NBA. In addition, the institute (a unit of SSA) is recognised by the Department of Scientific and Industrial Research (DSIR), Govt. of India, as a Scientific and Industrial Research Organisation (SIRO). Over the years, the institute has developed an environment for learner-centric education and innovative research.

GIPS lives by three values- truth, discipline and excellence. It aims to establish a morally sound education system that not only produces competent professionals, but also excellent human beings contributing to welfare of society.

The institute is affiliated to Assam Science and Technology University (ASTU), with approval from Pharmacy Council of India (PCI), and All India Council for Technical Education (AICTE).

The institute offers D.Pharm, B.Pharm, B.Pharm (Practice), M.Pharm in Pharmaceutics, Pharmaceutical Chemistry, Pharmacology and PhD in Pharmacy.

ATAL Academy

AICTE Training and Learning (ATAL) Academy is set up with the vision to empower the faculty fraternity to achieve the goals of higher education such as access, equity and quality. Main aim of ATAL academy is to plan and help in imparting quality technical education in the country and to support technical education for fostering research, innovation and entrepreneurship through training in various emerging areas. FDPs under ATAL, being one of the mission drives by AICTE, have been creating significant impacts in terms of augmenting the knowledge and skills of faculties and students to make them more employable.

About the FDP

The 5- Day Faculty Development Program (FDP) on *Leadership and Excellence in Workplace* aims at providing leadership guidance and inspiring leaders and organisations to grow professionally. Developing leadership skills can enable one to improve performance in the current job and advance the career trajectory. Leadership skills are the abilities that one may use to guide co-workers toward successful outcomes with workplace objectives. Whether one is an academician or overseeing a company or managing a project, leadership skills can inspire others to reach their shared goals. This FDP will cover various facets for developing good leadership skills and improving one's performance in workplace.

Refresher Course – MOOCs, E-content Development, Open Educational Resources

(06/05/2024 to 18/05/2024)

Guidelines for the participants

- 1) All sessions would be conducted on **Zoom platform**. Link would be shared daily on whatsapp group and attendance would be recorded throughout the sessions.
- 2) Participants need to make sure that they have all necessary arrangements for joining the **zoom meeting** for each session. This include:
 - a. Smart Phone or Laptop / Desktop Computer with webcam and **Zoom App**
 - b. Uninterrupted internet connectivity with enough bandwidth considering video transmission
 - c. Enough data pack subscription to support video conferencing through Zoom for **six hours per day** (aprox. 3 GB/day)
- 3) It is mandatory for each participant to attend all sessions through zoom meeting with their **Video Camera ON** and be prepared for interaction during sessions.
- 4) Failing to switch on cameras would mark the participant as **ABSENT** during that session, ultimately leading to **disqualification** for the course certificate.
- 5) Participants need to join the Whatsapp group and the specified course on official LMS of UGC-MMTTC of SGBAU.
- 6) All communication would be through WhatsApp Group and **official LMS** of UGC-MMTTC of SGBAU.
- 7) This course is specifically focused on training the participants in various e-learning initiatives. The participants of the course:
 - a. are expected to complete **some assignments** based on **various e-learning tools and utilities** (like MOOC proposal, video recording and editing, website creation, and other similar e-content creation) taught by the experts during various sessions. **These assignments are mandatory**, failing to complete any of these assignments may result in disqualification of the participant.
 - b. need to be willing to learn these tools and utilities.
 - c. **must have access to laptop or desktop** computer for completing these assignments.

Refresher Course – MOOCs, E-Content Development and Open Educational Resources
(06th – 18 May, 2024)

Instructions for the Participants

- As per UGC norms, the Refresher course will be of two weeks duration, with a minimum of 12 working days and 72 contact hours (six hours a day, six days a week) excluding Sunday (holiday).
- According to UGC norms 100% attendance in all sessions is mandatory during the entire Refresher Course. Certificate will not be awarded to those participants who fail to complete the required contact working hours.
- No excuses or time extension shall be granted for the submission of assignments.
- The MMTTC will hold certificate for non-submission of assignments, feedback and other relevant assessments assigned by the course coordinator.
- No leave shall be permissible except for emergencies or exceptional cases/circumstances where a maximum of 3 days leave may be granted by the Programme Director of the MMTTC. Participants who avail such leave/s will have to compensate for the same number of days in the next programme. Such participants shall be provided certificate only after participating for the required number of days in subsequent course.
- The programme is divided into two parts: Live session and Activities based session.
- The first part shall consist of two **live sessions** every day. First session from 11.00 am to 12.30 pm and second from 1.00 pm to 2.30 pm.
- In the second part, the participants are expected to complete various activities assigned during live sessions like referring the study material, case studies, video tutorials, completion of assignments, etc.
- The entire course material and activities shall be available on the Learning Management System provided by the UGC-MMTTC.
- The schedule is subject to change as per the situation and availability of experts.
- A different link for every day's live sessions through **Zoom Platform** shall be provided by UGC-MMTTC in the WhatsApp group as well as LMS, one day prior to the session.
- All assignments, tests and other assessments, study material, case studies, project proposals and other instructions will be provided **only through the Learning Management System** of MMTTC. Participants are requested to register on e-Samath LMS using the URL <https://lms-sgbau.samarth.ac.in/> and enroll for the “**Refresher Course – MOOCs, E-Content Development and Open Educational Resource**” course.
- Submission of assignments and tests through any other platform/medium like email, whatsapp, etc. shall not be entertained and shall not be considered for assessment.
- Participants of the online courses are expected to follow a specific **Code of Conduct**. This includes appropriate behavior during classes, respectful communication, technological etiquettes, academic integrity and following instructions from time-to-time.
- Participants should maintain a conducive environment during the entire duration of the said refresher course.
- The directives of the Course Coordinator and officials of the UGC-MMTTC are final and UGC-MMTTC may discontinue your participation at any stage of the course without assigning any reason. All rights concerning the conduct of the course, awarding course completion certificates, assignment submission, grading, etc. are reserved with UGC-MMTTC, Sant Gadge Baba Amravati University, Amravati.
- Grading for certification shall be as follows:
 - A+: 85 percent and above
 - A: 70 percent to 84 percent
 - B: 60 percent to 69 percent
 - C: 50 percent to 59 percent
 - Those participants who score less than 50 marks will not be given a certificate. Participants have to repeat the course at their own expenditure.
- **Objective Test (MCQ) - 60 Mark**
Multiple MCQ tests shall be conducted randomly, based on the live sessions & reading material and average marks of all tests shall be counted for the final evaluation.
- **Preparation of MOOCs Proposal - 20 Mark**
Every participant has to submit a Proposal for development MOOC in the prescribed proforma provided by the UGC-MMTTC in LMS. It is supposed to be submitted **on LMS** within the stipulated period. This proposal will be evaluated by the experts.
- **Overall Response - 20 Marks**
20 marks are reserved for participant's overall response including punctuality, regularity and participation in the live session. This assessment also consider the submission timings of your assignments, presentation techniques, various responsibilities assigned like Introduction of Resource Persons & vote of thanks, etc.

ABOUT THE REFRESHER COURSE

Vedic Mathematics is a system of mathematics that originated in ancient India, and it's based on the ancient texts known as the Vedas. This system offers a unique and alternative approach to solving mathematical problems, emphasizing mental calculations, simplicity, and speed. It covers various mathematical operations, including addition, subtraction, multiplication, division, square roots, cube roots, and more.

This Refresher Course on Vedic Mathematics can be a great way to introduce people to this ancient mathematical system and help them enhance their mental calculation abilities. The Course will be conducted by a renowned memory trainer and vedic mathematics expert Dr. Himmat Bhardwaj. The target audience for this course include students, teachers, and anyone interested in improving their mathematical skills.

The course will start with an overview of the history and origins of Vedic Mathematics, explaining its connection to the ancient Indian scriptures, the Vedas. Participants will be introduced to various Vedic Sutras (aphorisms) and techniques, which are short, elegant, and efficient methods for solving mathematical problems. Examples of these Sutras are "Vertically and Crosswise" and "All from 9 and the last from 10." The focus of the course will be on improving mental calculation abilities. Participants will learn how to perform calculations quickly without the need for pen and paper. Participants will be given hands-on exercises to practice the techniques they have learned, allowing them to gain confidence and proficiency in applying Vedic Mathematics. The facilitator will discuss the benefits of learning Vedic Mathematics, such as improved mathematical abilities, increased speed, and reduced calculation errors. A dedicated day wise discussion forum will be created which will allow participants to discuss their opinion, doubts or queries they may have.

Overall, Vedic Mathematics workshops provide a unique opportunity for individuals to explore an ancient mathematical system, develop mental math skills, and gain a deeper appreciation for the rich mathematical heritage of India.

ELIGIBILITY

The Refresher Course is open to Faculty members (regular/ adhoc/ temporary/ Contractual/ Guests) from any University/ College, registered M.Phil./ Ph.D. research scholars, students and anyone interested in improving their mathematical skills.

REGISTRATION PROCESS

- Registration Fee : INR 1450/- (Non-Refundable)
- Last Date for Registration : 31 March 2024 [\[Click Here to Register\]](#)
- All those who meet the eligibility criterion are required to register and pay registration fee of INR 1450/- by visiting rcmoocs.in

- The sessions on various themes of the Refresher Course will be conducted either live or through pre-recorded videos via. Ramanujan College Web portal.
- As this Refresher Course is being organized under the prestigious PMMMNMTT scheme of the Ministry of Education, we at TLC, Ramanujan College, give prime importance to willing and serious participants who are eager to learn.
- Attempting and submitting all the quizzes and assignments are mandatory to avail of the programme completion certificate. The average score of all the quizzes must be at least 40%. Graded certificates on the basis of performance will be awarded to the participants.
- As a part of the Ministry of Education's requirement under the PMMMNMTT scheme, all participants need to submit online feedback for each session.
- Failing to meet any of the above conditions will result in denial of a certificate of completion to the participants.

**No Objection Certificate (NOC) or Leave is NOT REQUIRED
to participate in the Programme**

Note : The participants who want relieving letter from Ramanujan College after successfully attending the course need to take leave from their college and submit an NOC. Link for submission of NOC will be shared during the programme.

ABOUT RAMANUJAN COLLEGE

Ramanujan College is a constituent College of the University of Delhi (DU). It is inspired by the life and work of Srinivasa Aiyangar Ramanujan, one of the world's greatest Mathematicians. The College has been accredited Grade "A++" with CGPA 3.71 by the National Assessment and Accreditation Council (NAAC) in its Second Cycle. The college is located in the well-known area of Kalkaji, near Nehru Place, in South Delhi.

The College was established in 1958 as an evening college for boys with just five programmes. Since 2010, Ramanujan College has been expanding and now at present offers sixteen undergraduate programmes in different disciplines. This achievement, in alignment to the recommendations of the National Education Policy (NEP) 2020, makes the College a centre for interdisciplinary studies and research with a future focus on blended learning. It has gradually grown into a self-sufficient and self-reliant institution owing to its academic vigour and intellectual capital.

Ramanujan College was awarded the Deen Dayal Upadhyay- Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood (DDU KAUSHAL) Kendra in 2016 by the UGC, under which two vocational courses were started in Banking Operations and Software Development.

The College has conducted a Course on Human Rights, Environment and Ethics through its National Resource Centre (NRC), under the Annual Refresher Programme in Teaching (ARPIT) scheme of Ministry of Education (MoE). This Course was uploaded on MoE's Massive Open Online Course (MOOC) platform SWAYAM and many participants registered for it.

Ramanujan College offers various short-term diploma, certificate, and executive development programmes on contemporary and skill-oriented themes. These are conceived and designed by faculty members in consultation with external experts.

The courses get exceptional response from the students and are conducted throughout the academic session. They are open to alumni and students of all the colleges. Some of these courses support the curriculum, some prepare the students for higher studies and also accelerate the professional growth.

The College is the Study Centre of School of Open Learning (SOL), Non-Collegiate Women Education Board (NCWEB) and Indira Gandhi National Open University (IGNOU) for various courses. As an initiative towards students and teachers exchange programmes, the College has entered into Memorandum of Understanding(s) with foreign universities. It is also working for collaboration with other higher education institutions located in remote areas of the country, under the Vidya Vistar Scheme of the University of Delhi.

The prestigious Teaching Learning Centre was awarded to Ramanujan College in 2017 by the Ministry of Education, under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMNMTT) scheme.

In pursuit of its vision: “Discover, Empower, Transform: Building A Better World”, Ramanujan College is today perceived as one of the best colleges in the country.

ABOUT TEACHING LEARNING CENTRE RAMANUJAN COLLEGE

Teaching Learning Centre (TLC) is mandated by the Ministry of Education (MoE) to organise Faculty Development Programmes (FDPs), Faculty Orientation and Induction Programmes (FIPs), discipline specific and interdisciplinary Refresher Courses, conferences, workshops, through offline and online modes. These programmes are based on in-depth subject knowledge, quantitative and qualitative research methodologies, and on an interdisciplinary approach as is envisaged in the National Education Policy (NEP), 2020.

The TLC, Ramanujan College has been set up with the aim of "Reaching the Unreached" teachers in terms of regional diversity and geographically remote areas of the country. It has successfully conducted more than hundred learner-centric programmes since October 2017 and trained over one lakh teachers across the country in various discipline specific and interdisciplinary programmes.

In the TLC Programmes distinguished and internationally acclaimed resource persons deliver lectures and conduct sessions on wide ranging disciplines/topics of relevance in the contemporary and ever evolving global scenario to benefit the teaching fraternity, corporates and researchers. The sessions are also uploaded for larger audiences on the official YouTube Channel of the College.

Ramanujan College is a pioneer in offering offline/online courses for faculty members of higher education institutions and research scholars through the customised Learning Management System (LMS), designed by the College's Research Development and Services Cell. It is predominantly participant-friendly and incorporates evaluation methods and comprehensive feedback systems to judge learning outcomes. The LMS is hosted on CLOUD with high scalability and reliability. The College has installed its own Cloud Infrastructure to host its servers for research and data analysis.

Enrichment Spectrum at the TLC, Ramanujan College

- Transforming teachers into knowledge-creators
- Emphasis on creating self-learning space for participants
- Interaction with eminent scholars and academicians
- Regular follow-up with the participants through Google Classroom/Telegram/ Discussion Forum
- Adaptation skills for the dynamic contemporary environment
- Augmentation of professional capabilities and research-based knowledge
- Inter and cross-disciplinary methodologies of study
- Co-creation and mutual contribution between participants and facilitators
- Formation of knowledge capital
- Online certificates using the Blockchain Technology to ensure authenticity and verifiability

ABOUT DEPARTMENT OF MATHEMATICS RAMANUJAN COLLEGE

The Department of Mathematics, Ramanujan College is well known for its dedication towards excellence in teaching and research. Named after the great Indian Mathematician Srinivasa Ramanujan, the Department upholds his spirit of Mathematical Excellence and Innovation.

The department offers undergraduate programme in Mathematics, providing students with a comprehensive understanding of various branches of mathematics, including algebra, analysis, geometry, number theory, and statistics.

The faculty members of the Department of Mathematics at Ramanujan College are highly qualified and experienced professionals who are committed to imparting quality education and nurturing the intellectual growth of their students. They are actively engaged in research activities, contributing to the advancement of mathematical knowledge and its applications.

The department encourages a vibrant academic environment, fostering collaboration, discussion, and critical thinking among students. It organizes seminars, workshops, and guest lectures by renowned mathematicians and researchers to expose students to cutting-edge developments in the field of mathematics.

Apart from the regular academic programs, the department actively engages in community outreach initiatives, promoting the importance of mathematics and its relevance in everyday life. It encourages students to participate in mathematical competitions, conferences, and research projects to enhance their skills and broaden their horizons.

The Department of Mathematics, Ramanujan College is equipped with modern facilities, including well-equipped classrooms, a dedicated library, and computer laboratories with specialized mathematical software. These resources enable students to apply theoretical concepts to practical problem-solving scenarios and explore mathematical concepts through computational methods.

Overall, the Department of Mathematics provides a stimulating learning environment for students interested in pursuing a career in mathematics. It nurtures their passion for the subject and equips them with the necessary skills and knowledge to excel in academia, research, and various professional fields where mathematics plays a vital role.
